

HOW TO Ship to TerraCycle WITH INPOST

Are you ready to send us your rubbish for recycling?

Do you want to accrue points?

Yes - your shipment must meet the minimum weight requirement

No - move to next step

Visit the programme page to see what rewards are on offer

1 Source a cardboard box

(41x38x64cm max) and pack it. Crush down rubbish and give wet rubbish a light wash to remove product residue. Make sure it is dry before packing it.

2 Seal your box

Top tip - take a picture of your box, noting the total weight.

3 Download your label

Log in > go to 'my programmes' > select the programme you need to ship rubbish for > select request InPost QR code > the QR code is sent to your email - no need to print it!

4 Send your shipment

Have the QR code ready on your phone when you drop off your parcel. Find your nearest 24/7 InPost locker and scan your QR code to drop off your parcel.

Allow for delivery time. You can track your shipment using the information provided by InPost.

5 Be rewarded for recycling!

Once the shipment has been delivered to our warehouse, please allow up to **4 weeks** for the parcel to be processed and to show on your account. If you've met the minimum shipment weight, you will be **credited with points** for you to redeem for a charity of your choice.

You can only download a label if you're active on a programme.

No programme = no label
